Egg Industry Center 15th Anniversary EGGStravaganza

Special Event

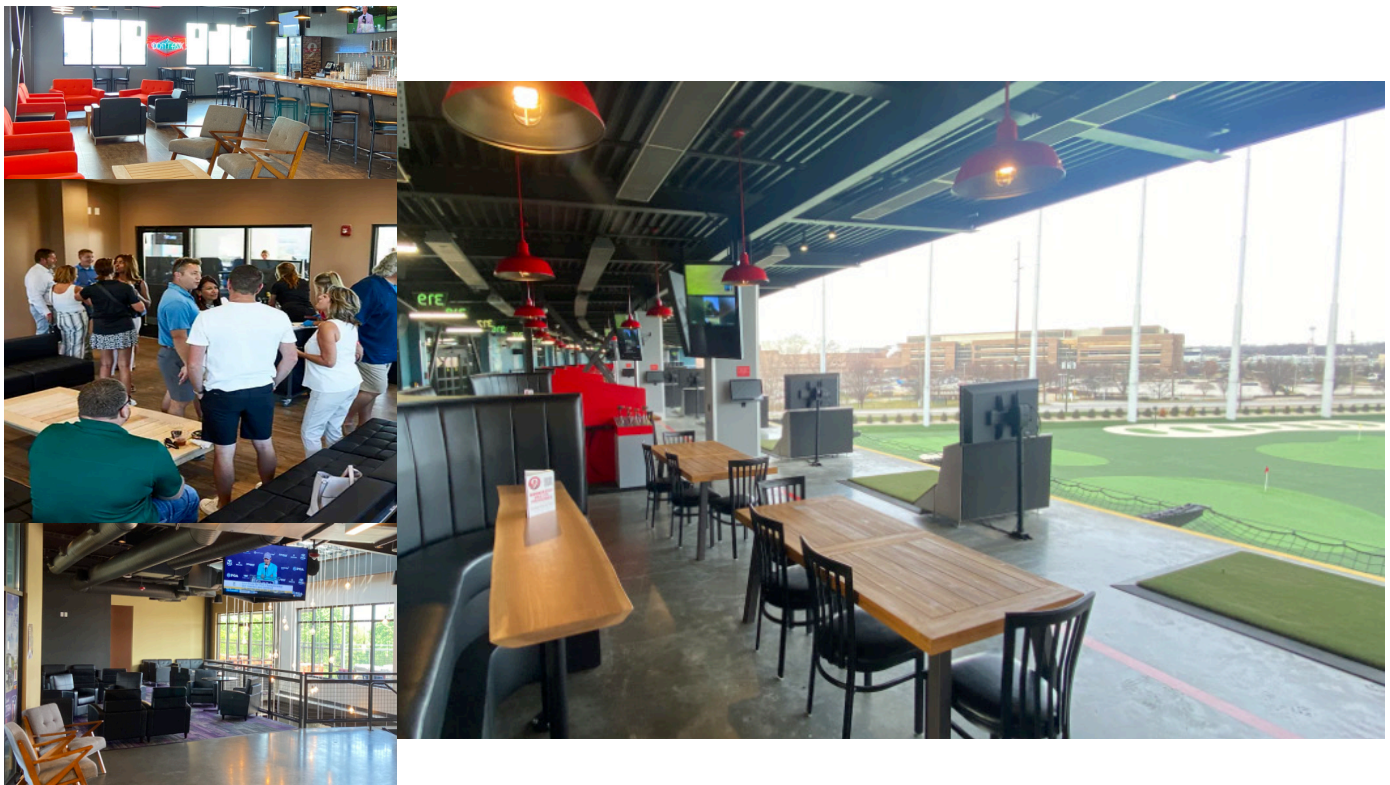

October 25 | 6:00 p.m. - 9:30 p.m.

The Egg Industry Center, and our special event host Farm Credit Mid-America, invites you to celebrate with us 15 years of production-facing research, market reporting and industry education.

Provided transportation will carry you to the evening's entertainment venue called the Back 9. Located in the heart of Indianapolis, this new-age networking experience provides you the opportunity to relax and chat with other industry stakeholders in a variety of ways. Choose from private gaming booths, a VIP lounge, bar area tables or lounge chairs, or an outdoor patio. You can engage in some friendly golf-related competition or just come and enjoy the networking and fabulous food and drinks.

Friendly contests will help add some fun to the night. Enter the longest drive contest or play your heart out and win our lowest (or highest) score of the night.

Be sure to indicate your participation and transportation preferences during your Forum registration process and be prepared to fill your night with some food, fun, and industry friends. There is no charge for the event if you pre-register with your Forum registration by October 11. Come have some fun - on us!

EGGStravaganza is brought to you by
