

Farm Credit Services of America

Dedicated to serving the credit and financial needs of agriculture

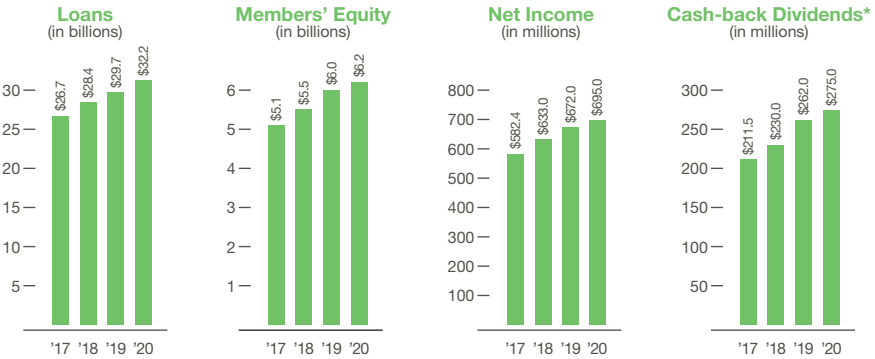
Farm Credit Services of America provides financial products, services and solutions for agriculture and rural America, including real estate, operating, equipment, facility and mortgage loans plus leasing and crop insurance.

Our Agribusiness Capital business unit serves customers ranging from large-scale individual producers to national corporate enterprises, with specialized financing involving most every facet of the food chain, including farm supply, renewable fuels and other agribusinesses.

Mission: To be agriculture's most valued financial partner

Financial Strength and Capacity

Even in years when the ag economy is soft, our business and value have grown.



Diversification

Our diversified portfolio in ag sectors serves to reduce the risk associated with the downturn of any single industry.
