

Protein Industry Leasing

Leasing Portfolio Highlights:

- **A leading lessor in the protein industry** and one of the largest agricultural leasing companies in the country.
- Lessor of **poultry, beef, swine, and dairy buildings, equipment and farm structures** across the United States.
- Farm Credit Leasing has the capacity to accommodate **any size of project,** large or small, with unique structuring to allow lessees to **maximize potential tax savings and/or minimize the cost of financing.**

Why Lease:

- Payments may be **fully tax-deductible** as a business expense with our true lease product, allowing for level write-offs over the term of the lease.
- Attractive **fixed-rate financing and preservation of working capital** allows you to keep cash on hand for operating your business while improving cash flow.
- If limited on interest deductibility, a true lease allows you to **expense lease payments** in lieu of forgoing a benefit of interest deductions.
